

Limpopo Trip

I am so glad that I went to Limpopo. It was my first time going with my fellow learners. I was so excited to go even though we lost Soccer-Meeting the host family. It was a experience of a life time. We were even swimming, they ordered KFC and Me and Destiny were offered to play with Shikandas Playstation 3 and Playstation 4 and if it wasn't for us he was not even going to get FIFA 15.

It was a once and a life time opportunity and I thank the Principal and the teachers for the training and opportunity.

Thank You
