Dear Diary

Mitchell house college is such a nice place to visit. I say so because when we arrived we took a quick swim, we went to put our bags in our rooms when I saw a Kit Kat in the bed I felt so excited, we went off to have lunch I was happy to see nice food on top of the table. I was so shocked that they did this just for us. We went to play games such as netball and soccer we were so excited because we were prepared to win, unfortunately we lost but we never felt bad. We went to change into our outfits for dancing we danced then went to spelling bee. We had our supper early because we had to go and watch a movie. By the way thanks to the principal Mr Cook who bought us tickets. We watched a nice dolphin movie. After the movie we took a shower after dressed, ate our Kit Kat we found on top of our beds. The next day we took a shower dressed into our sport kits, went to have our breakfast and played netball and soccer again but we lost. Had a lovely weekend. Thanks to you all.
