

Limpopo.

Visiting or going to Limpopo was very nice. When we arrived there the teachers from Mitchell House school welcomed us, then we went for a quick swim, the pool was nice and BIG. After swimming we ate lunch, lunch was very delicious. The netball^{court} and soccer field is very nice and also big. We lost, but we enjoyed playing.

The principal was so kind they paid for a movie for all the girls, because the girls were staying at the school and the boys went to host families. So we had to eat supper early to make it for the movie.

The movie was interesting and nice. Our rooms were amazing. When I saw the dinning room it was like heaven. It was very nice! When it was time to go I felt sad because I had a nice time. I really had a fun time.
