

Limpopo written by xandile

Visiting Limpopo was a very great opportunity for me. It was really great because some of us never went to Limpopo before. It was so much fun to visit Mitchell's house. We played so many games such as netball, soccer, tennis and we watched television. It was a very big and good moment for me to go to Limpopo. When I got into my room and saw a Kit Kat I felt very happy that they even bought us chocolate. I felt very welcomed. And I was really happy that they even bought us tickets to go and watch a movie. Thank you so much for taking care of us.
