## June 16th Youth day

On the morning of June 16, 1976, thousands of students from the African township of Soweto, outside Johannesburg, gathered at their schools to participate in a student-organized protest demonstration.

The crowd swelled to more than 10,000 students. En route to the stadium, approximately fifty policemen stopped the students and tried to turn them back.

At first, the security forces tried unsuccessfully to disperse the students with tear gas and warning shots. Then policemen fired directly into the crowd of demonstrators.

Many students responded by running for shelter, while others retaliated by pelting the police with stones. That day, two students, Hastings

Ndlovu and Hector Pieteron, died from police gunfire; hundreds more sustained injuries during the subsequent chaos that engulfed Soweto. The shootings in Soweto sparked a massive uprising that soon spread to more urban and rural areas.

**Is it but another day of leisure?**

While being in essence a memory to treasure

An uprising surprising the powers that be

Met with weapons and force and hostility

Unarmed, like sheep to the slaughter  
One by one they perished but did not falter

Be it not in vain the blood and tears  
shed on that day

For ignorance is a price most dear to pay

**POEM BY Dinesh .Birijbal.**

Sadly, if arrear amounts are not settled, negligent parents children will not be allowed to return in the Third Term and your child's position will be filled. You have the option of sending your child to a non-paying government school if you cannot fulfil your obligations.

**We appreciate all parents/guardians who are up to date with school fees and want to remind that prompt payments help with proper planning and implementation.**

# My Healthy Snack

Parents gave "My healthy snack" it their 100 percent by encouraging their children best ways to prepare, demonstrate and serve a healthy snack.

Oohs, aahs and plenty laughs were all around as the children independently demonstrated their cooking ability.

**We had "divas" who thought the banana (supplied by her mommy) was too "ugly" to cut and a little munchkin surprised us by running out of the classroom to wash her fruit—a wise girl indeed as she knew that washing fruit is important when preparing food.**

Fruit salad, cheese sandwiches, banana bread sandwiches and tuna sandwiches were amongst the popular dishes prepared in our Classroom Kitchen.

Sasha Mujeri in Grade 1 showed us how to think "out of the box" with her healthy SPIDER APPLE SNACK.

Active listening and speaking is an important skill to develop in the pursuit of understanding one another .

Prepared Orals such as demonstrating *healthy snacks* accelerate the learning process. This allows a listener to understand what the speaker is feeling ,communicating and exhibiting, and vice versa .

CityKidz grooms our children not only to succeed academically, but holistically in all aspects of childhood development.
