Career Day - Grade 7

Our theme for this year is Above and Beyond

The Grade 7's participated in Career Day last Friday. The objective of this day is to provide CityKidz learners with a dynamic and tangible experience that facilitates a connection between their academic pursuits and potential professional endeavours in the future. It encourages learners to explore their interests and passions as an extension of a component within the Life Orientation curriculum and in the process better understand themselves, their community, and the world.

People work for different reasons. People work to fulfil their needs. Ultimately, people need work to become part of a group and an important member of society. We also work to gain knowledge and skills and to use our abilities to meet new challenges. People all need to work in order to become productive members of society. We all need to understand the value of working and persevere in achieving set goals.

Some people work because they want to; others work because they have to. We need to work towards choosing a career that will fulfil our needs and give us job satisfaction. Some people work in order to gain status, self-esteem and financial independence. Others work because it is a calling and they want to provide a service; financial gain is not a priority. You

should aim towards choosing work or a career that will give you job satisfaction. Try to avoid seeing work as something that is a duty, or only a means of earning money, or a form of punishment. You need to strive to find personal satisfaction and enjoyment from your choice of work.

PHOTOGRAPHS on the 03/11 Photographs are by request only. Photographs will only be taken of your child if you completed the form and paid directly into the photographer's account. No photograph will be taken without up front payment.

PUPILS (GRADE RR TO 6) LEAVING CityKidz AT YEAR END

If you intend relocating your child(ren) to another Primary School in 2018, please advise our Secretaries by means of a letter so we are able to prepare your child's transfer card. Thanks to those parents who have already informed us of their intentions for 2018 as this helps us to plan our numbers for next year .

OUTSTANDING SCHOOL FEES- Please be advised that any outstanding school fees as at the 22nd of December will result in automatic deregistration. Your contract with CityKidz will be terminated. Under no circumstances will a child be allowed to attend CityKidz in 2018 with outstanding school fees. There is a waiting list and your child's place will automatically be filled by a child on the waiting list. Transfer cards will be issued.

World Sight Day

World Sight Day (WSD) is an annual day of awareness held on the second Thursday of October, to focus global attention on blindness and vision impairment. According to the International Agency for the Prevention of Blindness (IAPB):

- Approximately 285 million people worldwide live with low vision and blindness.
- Of these, 39 million people are blind and 246 million have moderate or severe visual impairment.
- 90% of blind people live in low-income countries.
- 80% of visual impairment is avoidable, being readily treatable and/or preventable.
- Restorations of sight, and blindness prevention strategies are among the most cost-effective interventions in healthcare.
- An estimated 19 million children are visually impaired.

Mrs Fatima Abed conducted a very informative assembly on what we can do to protect our precious vision. Have regular eye checks, children should have an eye test after the age of 3 and definitely before entering Grade 1. NEVER look directly into the sun, gazing for hours, uninterrupted at TV, computer and smart phone screens can cause eye strain. Follow the 20:20:20 rule – after 20 minutes change your focus and look as far away as possible [20 meters] for at least 20 seconds.
