Term 1

Dear Parent/Guardians

Sports Day

I am incredibly proud to lead CityKidz Pre & Primary School. We have such a fantastic team, incredible children and supportive parents. Our brilliant 2022 Sports Day gives you a glimpse of what of life is like at CityKidz. Our school is a family where everyone is valued and recognised as an individual. It is a place where talents and interests are nurtured and all are encouraged to aim for the stars. We embody our motto Strive to Achieve and believe that every child has the ability to shine given the right care and support and that our similarities and differences are things we celebrate with pride.

We were totally blessed by the most spectacular weather. Our children and staff looked brilliant in their House coloured tops, even parents dressed in the house colours. It was great to see all the children having a brilliant time competing in the novelty races, sprints and relays. The novelty races provided lots of entertainment and the faces on the children, after they crossed the line, speaks volumes. Roan was consistently in the lead, but the challenge remained between Eland and Impala. In the final moments Eland pipped Impala at the post. It was truly a wonderful day, and our parents loved it. There was so much positive feedback. Thank you to each and every staff member for ensuring everything was executed so brilliantly and for creating a super vibe. Your enthusiasm and motivation certainly helped create an awesome atmosphere. Positivity feeds off positivity. Kudos to the SMT for following through with all the planning. Way to go, everyone :)

VIRTUAL AQUARIUM

Our Virtual Aquarium was a resounding success. Our learners enjoyed a thrilling experience as they dove underwater and swam with the deep sea fish. The dolphins were particularly spectacular.

The highlight of the moment was swimming with a gigantic blue whale. For some of our learners this was a first time experience with Virtual Reality and the experience proved to be truly memorable.

What's happening over the next two weeks?

SPORTS DAY

Our 2022 Sports Day was glorious. We are happy to share more wonderful memories. There was a great deal of running, jumping, throwing and laughing! Thank you parents for coming to encourage and support our children.

Looking Fancy CityKidz !

For a long time, our hall only had the bare necessities. It was a shell without the basic equipment which many private schools possess. However, CityKidz's dream finally came true! We officially have a projector screen with a functioning projector. We also have some fancy speakers with some brilliant specs! It is truly heart-warming to see our assemblies be brought to life through the magic of technology. We live in a technological age and as a school we need to move forward with the times.

This also feeds well into our theme of the time: live, laugh and learn. This screen will allow us to appeal to the emotional and visual sides of the learners thus allowing their experience in the hall to be enhanced. We look forward to future assemblies!

OUR MATHEMATICIANS

Our Grade 6, Grade 5 and Grade 4 learners competed in the Mathematics Olympiad Challenge organised by the Department of Education. Six of our learners attended this competition at Regents Park Primary School. The selection process was vigorous and two representatives were selected from each of these grades to go and represent the school. The best students in Mathematics were selected from Grade 6, 5 and 4. Each Grade was represented by two students.

We are proud to announce that Didintle Mataboge, Hope Gumede both in Grade 5 and Reatile Kgatlhe in Grade 4 did extremely well in the Olympiad Challenge and represented our school in the District competitions at Danie Theron Primary School on the 24th of February. We await the results from the department.

OUR HONOURS LEARNER!

Pamela has been at CityKidz since Grade R and is now a Senior of the school (Grade 7). She is admired and popular amongst her peers and her teachers appreciate her many outstanding qualities. She is kind and reliable, academic and sporty, unassuming and poised. Pamela wears her beautiful new blazer with demure pride and elegance.

Well done, to Pamela Chitungo for receiving Academic Colours - the criteria is to achieve an average of 80% LEVEL 7 or more in three consecutive years. We are proud of you!!

QUOTE FOR THE WEEK

Many of life's failures are people who did not realize how close they were to success when they gave up.
Thomas A. Edison
