CityKidz Pre & Primary School—Strive to achieve

14 September 2018

Edition 26 Term 3

Time has flown by and our children have achieved many things, both in their learning and in other school activities this term. As always, all the children continue to be such a credit to CityKidz in whatever they do. We are very proud of all our pupils. The dynamic team at CityKidz continue to make our community proud by always striving to give our learners the best. HOD's and teaching staff have ensured that our children are engaged in a very stimulating and exciting extra mural program. We like to celebrate what we do in school and share it with others. To have a catch up with just some of the wonderful things achieved this term please make every effort to read the newsletters, visit our website and Facebook as it is an important channel of communication to you and your children.

We want to take this opportunity to thank all our parents for their continued support throughout the term.

We have had to deal with so many changes this term. Sections of the school have been under construction, This has not been easy, but to date, wonderful results have been achieved. The Grade R b, Rc and RR classes are now organised and settled. The tuckshop just needs a few finishing touches. The Principal, and Deputy offices will be under construction during the holidays and finalised, ready to move in, by the beginning of Term 4. The main reception area, entrance to the school and staff room should be completed before the end of the year.

**We could not successfully engage in our mission to upgrade the school if we did not have the leadership of our Directors. On behalf of the CityKidz family I would like to express our gratitude to Mr Renney Plit and Mr Wally Freeman for their commitment and dedication.** They are extremely supportive of the work that we do, have a vested interest in all that we do on a daily basis, and a passion for our school.

Lost but not least, I would also like to thank all staff for their hard work. Thank you for all that you do!

# Skateistan

Skateistan is an award-winning international non-profit organization that uses skateboarding and education for youth empowerment. It was a short drive from CityKidz to Skateistan, which is situated in the heart of Maboneng. Our Grade 3 learners were extremely fortunate to be offered an opportunity to learn how to skate.

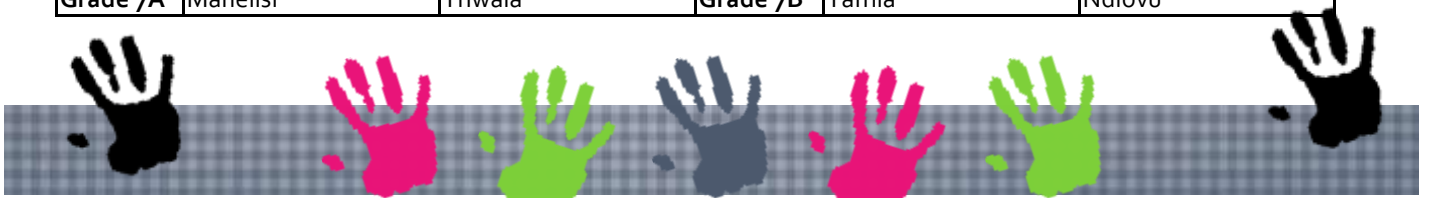

The learners listened with eagerness as the instructor explained to them, how to flip the skateboard. It was fun to see them trying so hard to flip their very own skateboard. After several attempts most of them were seen skating.
